

SAMPLE CHARGES FOR MULTIFAMILY TRASH, COMPOST & RECYCLING SERVICES

July 1, 2016 through June 30, 2017

Multifamily buildings are required to subscribe to Trash service that is sufficient for trash that is generated on the property, and not less than 20-galons per unit. Weekly Compost services is included in the Trash charges. There is a required Recycling service charge of \$10.99 per unit per month for weekly collection of Recyclables in addition to the charge for Trash & Compost services. The Sample Minimum Trash Container Combinations table below shows the charges for combinations of Trash containers that mere minimum required weekly Trash service, the monthly charges for the required Recycling service and total charges for services.

Calculating Required Minimum Weekly Trash Service for Your Building:

1) Multiply the number of units in the building by twenty (20) gallons.

2) If using Cart service, round the total number of gallons down or up to the nearest number of gallons that can be obtained using the available cart sizes. Examples: Round 100 gallons down to 96 gallons; Round 140 gallons up to 148 gallons.

3) If using Bin service, round the total number of gallons down or up to the nearest 100 gallons. Examples: Round 240 gallons down to 200 gallons; Round 250 gallons up to 300 gallons.

4) Select a combination of carts or bins in which the total number of gallons is equal to (or greater than) your rounded number. NOTE: One (1) cubic yard equals 200 gallons.

NDTE: Overage Charges may be assessed if Trash does not fit in the Trash container(s) you choose. Contamination Charges may be assessed if Compost or Recycling containers are used for Trash. You must subscribe to adequate Trash service. Evaluating our relident's Trash. Compost and Recycling usage when selecting Trash containers, regurdess of required minimum service.

NOTE: You may order any number of Compost and Recycling containers to meet your needs, at no additional cost.

The <u>Sample Minimum Train Container Combinations</u> Jable below shows samples of Train toottainer combinations and charges for once per week service. Other container combinations may be available. Two, three, four, five and six times per week service are available. In many instances, using a smaller container with multiple weekly collections to achieve the minimum required service level will result in minimal changes to the overall monthly rate. Visit www.EBIHA.com/zerowaste or contact Water Management of Alameda County 1540-1347000 rm meet information.

Monthly Charges for Trash Containers (Compost Service Included) (Recycling Charge NOT Included) (Once/Week Service)			Sample Minimum Trash Container Combinations and Charges (Once/Week Service)
