

City of Oakland
SAMPLE CHARGES FOR MULTIFAMILY TRASH, COMPOST & RECYCLING SERVICES

July 1, 2025 through June 30, 2026 (published 5/22/25)

Multifamily buildings are required to subscribe to enough Trash service to contain all trash that is generated on the property, and not less than 20-gallons per unit. Unlimited weekly Compost service is included in the Trash charges. There is a required Recycling service charge of \$19.72 per unit per month for unlimited weekly collection of Recyclables in addition to the charge for Trash & Compost services. The Sample Minimum Trash Container Combinations table below shows the charges for combinations of Trash containers that meet minimum required weekly Trash service, the monthly charges for the required Recycling service, and total charges for services.

Calculating Required Minimum Weekly Trash Service for Your Building:

- 1) Multiply the number of units in the building by twenty (20) gallons.
- 2) If using Cart service, round the total number of gallons down or up to the nearest number of gallons that can be obtained using the available cart sizes. Examples: Round 100 gallons down to 96 gallons; Round 140 gallons up to 148 gallons.
- 3) If using Bin service, round the total number of gallons down or up to the nearest 100 gallons. Examples: Round 240 gallons down to 200 gallons; Round 250 gallons up to 300 gallons.
- 4) Select a combination of carts or bins in which the total number of gallons is equal to (or greater than) your rounded number. NOTE: One (1) cubic yard equals 200 gallons.

NOTE: Overage Charges may be assessed if Trash does not fit in the Trash container(s) you choose. Contamination charges may be assessed if Compost or Recycling containers are used for Trash. You must subscribe to adequate Trash service. Evaluate your residents' Trash, Compost and Recycling usage when selecting Trash containers, regardless of required minimum service.

NOTE: You may order any number of Compost and Recycling containers to meet your needs, at no additional cost.

The Sample Minimum Trash Container Combinations table below shows samples of Trash container combinations and charges for once per week service. Other container combinations may be available. Two, three, four, five and six times per week services are available. In many instances, using a smaller container with multiple weekly collections to achieve the minimum required service level will result in minimal changes to the overall monthly rate. Visit www.OaklandRecycles.com or contact Waste Management of Alameda County at 510-613-8700 for more information.

Monthly Charges for Trash Containers

(Compost Service Included)
(Recycling Charge NOT Included)
(Once/Week Service)

Trash Container Size	Gallons	Trash & Compost Charge
20 Gallon Cart	20	\$34.04
32 Gallon Cart	32	\$55.45
64 Gallon Cart	64	\$110.09
96 Gallon Cart	96	\$164.83
1 Cubic Yard Bin	200	\$337.25
1.5 Cubic Yard Bin	300	\$531.83
2 Cubic Yard Bin	400	\$677.12
3 Cubic Yard Bin	600	\$1,015.63
4 Cubic Yard Bin	800	\$1,348.98
6 Cubic Yard Bin	1,200	\$2,023.52
7 Cubic Yard Bin	1,400	\$2,360.79

Sample Minimum Trash Container Combinations and Charges
(Once/Week Service)

Number of Units	Minimum Weekly Trash Service (Gallons)	Minimum Trash Service Rounded	SAMPLE COMBINATIONS OF CONTAINERS	Trash & Compost Charge	Recycling Charge (\$19.72 per unit)	TOTAL MONTHLY CHARGE
5	100	100	One 96 gallon cart = 96 gallons	\$164.83	\$98.60	\$263.43
6	120	120	Two 64 gallon carts = 128 gallons	\$220.18	\$118.32	\$338.50
7	140	140	Two 64 gallon carts + one 20 gallon cart = 148 gallons	\$254.22	\$138.04	\$392.26
